Poultry Sample Submission Form

REC015 20100428 Poultry sample accession form.doc

It is easier to submit one of these forms with each group you want tested.

Shed / Group :	Age:	Type of bird:
Submitted by:		
Address for sending invoice (can be sent by email with the results)		
Number of samples: _____ Date collected: _____ The samples are: one sample from one bird AND / OR More than 1 sample from a group of birds in each bottle. The bottles are marked with each group. Complete one form for each group		
Test required: Coccidiosis assessment / Large round worms / Capillaria		
<i>The lab prefers to return results to you by the quickest route possible.</i> <i>Please tell us which way is best for you</i>		
Information on the samples you are submitting, the reason, and how the laboratory can identify each sample group.		
Laboratory use only (our phone number is 03 5766 4374) Eml: parasite1@iinet.net.au		
Date sample received:	ParaSite accession number:	

Into each submission bottle up to 5 faecal samples can be placed. This enables a bulk test to be run. Please mark the submission form clearly if you need the lab to run the same test but you have added only one faecal sample from a bird of particular interest.
