## Price List valid from 01 May 2011

There is no price increase when payment is submitted with samples.

When we invoice you for services, it costs you more. All prices include GST in the price.

When a cheque or EFT payment receipt is not enclosed with the samples, we will automatically send you an invoice. Unless prior arrangements are made, invoices are issued with the results and terms are 15 days from date of issue.

Receipts will automatically be issued with the results.

Payment is required by the DATE DUE. Para-site will charge a \$20.00/ month fee on all overdue invoices.

Para-Site does not accept Bank Card or VISA payments.

For clients with overdue invoices, results may be with-held until payment is received.

## Most common tests requested in Sheep, Cattle, Horses, Alpaca, Goats, Chickens:

**Faecal Egg Count (FEC)** one result per animal. (coccidia and tape worm eggs also detected)

**Bulk Egg Count:** one result from a mixture of combined faecal samples (coccidia and tapes also)

**Liver fluke and Stomach fluke / Export liver fluke :** fluke egg count: using a sedimentation test

Payment	Pay now	Pay later
