Collection/Mailing of samples: **For cattle:** Collect 10 fresh dung samples. **For sheep:** Put mob in corner, leave 5 minutes. Move animals away. Collect 10 fresh dung samples. **Please place at least one tablespoonful of dung in each small bag. Please seal all the bags and the pack carefully.** If sending more than one group, up to 4 mobs may be entered on this form. Postage/ freight costs will be minimised if all samples are sent in one parcel. Fit as many samples in the envelope as possible, or tape or tie envelopes securely together, leaving one address label clearly visible. This ensures all your samples arrive together. Thanks!
