Please pre-arrange when more than 10 samples are being submitted. Fluke tests are time consuming and if the lab is not prepared for the samples, results will be delayed. There are additional fees for priority / express fluke processing. Normally samples are processed within 2 working days. This cannot be guaranteed for unexpected sample numbers above 10 samples. Minimum sample size required is 10gm per test.

Please place at least 10gm in a small bag, seal all the bags and the pack carefully. Make sure that the individual IDs for each animal are clearly written on each bag using indelible ink, and cross referenced with this accession sheet.
